

# BLUM Space Tower

Inner pull-outs are concealed behind the door of this larder unit. Their position is customised to the exact height of the contents. When using CLIP top 0-protrusion hinges from Blum, there is no need to double-up on the runners. The entire width of this cabinet can be optimally used, making this consumables zone cabinet a true storage wonder.

Space tower consists of 4 saucepan drawers & 1 cutlery drawer. Includes internal fronts and twinwall
