## DRAWERS MADE EASY

by CPC

*Built for living. Guaranteed for a lifetime.*

CPC provides fully assembled drawers for both BLUM LEGRABOX and Antaro drawers.

**Some of the many benefits include:**

**Simple** - Easy to order with one product code & one price

**Reduce your stock** - Order only what you need, when you need it

**Time** - Put **your** time to better use with no more building drawers

**Money** - Saving time + saving space = saving money

**Bespoke** - Custom built to your exact specification

**Choice** - Many design and colour options available

**Quality** - Built to last, guaranteed for life

**Service** - Delivered anywhere in Ireland

Value for money - CPC pre-built drawers offer outstanding value for money with many knock on cost benefits; lower storage costs, machinery and manual labour saving.

Custom built to your exact specification - drawer widths starting from 250mm wide through to 1200mm and everything in-between.

all drawers 193mm high

Priced per drawer

*Drawers are all 500mm deep*

*Off standard sizes available to order*

## TIP-ON for LEGRABOX

### Fascinating combination

TIP-ON BLUMOTION combines the advantages of the TIP-ON mechanical opening support system with reliable BLUMOTION dampening. Closure with force activates the TIP-ON function, after which point BLUMOTION ensures a silent and effortless closing. This sophisticated motion technology can be used with box systems LEGRABOX; and the best part: the motion is assisted 100% mechanically.

### LBMT500

**Sizes available:** 300 - 1000mm

All drawers are 106mm high

Priced per drawer

*Drawers are all 500mm deep*

*Off standard sizes available to order*

### LBCT500

**Sizes available:** 300 - 1000mm

all drawers 193mm high

Priced per drawer

*Drawers are all 500mm deep*

*Off standard sizes available to order*

## ADVANTAGES of TIP-ON for LEGRABOX

### Easy adjustment

- 4-dimensional adjustment for precise gap layout
- easy, intuitive and tool-free depth adjustment
- depth adjustment possible when drawer is assembled or removed (we recommend using a template with removed drawers)
- adjustment template for easy and precise adjustment of the front gap to 2.5 mm

### ANTARO Space Tower - metallic grey

The TANDEMBOX drawer system has been impressing furniture users and furniture manufacturers with its proven technology for many years now. BLUM have now developed TANDEMBOX antaro, a new programme line with new design options. TANDEMBOX antaro has a clear style – whether it's open with a gallery or as a closed drawer with a side design element. All components are colour-coordinated.

Minimalist design meets proven technology.

That is TANDEMBOX antaro.

## Planning

### Recommendation

#### Positioning in the cabinet

#### Drilling distances – front

#### Drilling distances – front

In high cabinets, it is practical to have a shelf at the highest level rather than an inner drawer

The inner drawer allows access from the side. If the inner drawer is implemented with a higher back, stored goods are prevented from falling down the back

The option to position the pull-outs at different heights within the cabinet guarantees that no items will be too tall to be stored inside

The CLIP top 155° hinge without front protrusion allows the cabinet width to be put to optimal use

If the hinge is mounted above the pull-out, the lowest pull-out can be inserted right at the bottom, turning even those last few centimetres into usable storage space
